51260 Crikvenica, Hrvatska

## About Me

I am a 5th-year graduate student of computer science at the University of Rijeka. I completed elementary education at Vladimir Nazor Elementary School in Crikvenica, and secondary education at Pazinski Kolegij-classical gymnasium with public authority, Pazin. Motivated worker with proven abilities in quality, reliable work, and experience in relevant modern web technologies (Angular, .NET,...). My goal is continuous learning, constant improvement of my skills, and education in various areas of computer science.
